★ ABOUT VETERANS DAY ★

Veterans Day is observed each year on November 11 to honor those who have served in the United States Armed Forces.

Originally known as Armistice Day, the holiday commemorated the end of major fighting in World War I on November 11, 1918. In 1954, the name was changed to Veterans Day to recognize American veterans of all wars.

While Memorial Day honors those who died while serving, Veterans Day honors all who have served in the U.S. military.
